

Peter Martinez
Shasta-Trinity crew
April Monthly Report

Overview:

The day is among us and the Shasta-Trinity 2012 crew has come together at Placer Center for a week-long orientation. Our sixteen-member crew will be embarking on a long-lasting journey in the Trinity Wilderness Forest with our shining new Red Wing boots and bright, new, expensive gear to endure a summer challenge. Shasta- Trinity crew will travel where few have traveled before and keep memories that will last a lifetime. Our new family will enjoy the beauty the backcountry has ahead. The scenery will be endless and pictures will remind us of the magical moments to share with family and friends. So let it be loud and clear that Shasta-Trinity will encounter and love the life that lies ahead. With safety in mind and hardwork ahead, Shasta-Trinity will prevail and weekend outings will remind us of how lucky we are.

Shasta-Trinity 2012 Crew:
